

## DEPARTMENT OF BIOTECHNOLOGY

DBT FUNDED M SC PROGRAM, DST FIST SPONSORED DEPARTMENT, UGC SAP-DRS-II

### BEST PRACTICES OF THE DEPARTMENT

- **Supportive and Inclusive Learning Environment:** The department fosters a positive learning atmosphere that combines cordial student-teacher relationships with personalized attention. This involves professors who are approachable and encouraging, providing individual guidance to students who may need extra support. Additionally, the department may strive for diversity in its classrooms, creating a richer learning experience for all students by incorporating a variety of perspectives and backgrounds.

- **Advanced Technology and Experiential Learning:** The department equips students with the latest tools and resources by providing access to state-of-the-art audio-visual equipment and hands-on training on state of the art research instruments. This allows students to gain practical experience with advanced technologies, preparing them for successful careers in research or biotechnology fields.
